NO. 1

THE COUNTY NEWS

GATHERED BY OUR ALERT CORRESPONDENTS.

The Events of the Week from Nearly Every Town in Summit County—What "The Times'" Representatives Have Found to Write About.

FROM:

PEAK, Feb. 10, 1867.

Editor's Note: John Maxwell was quite sick during past four days.

H. H. Williams is visiting with friends in Coalville this week.

We have sufficient time to make the slighing fair up this way.

J. A. Merchant, wife and children, have been sick for several days past.

M. M. Sperry came over from the Park last week for a short visit with friends.

Mrs. Mary A. Bowen et Horstville was in town this week visiting friends.

Very enterprising was shown in last week and we were unable to get off his neck better.

J. P. Stevens, Joseph Phillips and W. M. White were in Peoa this week doing business with our Notary Public.

Mrs. Elizabeth Maxwell, who is visiting her daughter, Mrs. Ann Pearson at Oakley is reported to be quite sick.

Several of our young folks went to Rockport on Monday evening to attend the stock fair. It is said that one of Peoa's young men was awarded the first prize.

A large party of Peoa's young people went to Kamas on Monday evening to take in the theatrical performance. Another party went up from here on Tuesday evening to attend the play and had a good time.

There was about ten sleighs and over thirty of our citizens who went to Kamas on Tuesday evening, and a jolly party it was, too. The sleighing was good, the play was enjoyed, and the dance in Carpenter's hall wound up the night; many of the party not reaching home until 8 o'clock this morning.

The Peoa Hotel society at an adjourned meeting held on Tuesday afternoon, was reorganized and the following officers were elected: Mrs. Lydia E. Walker, president; Mrs. Webster A. Maxwell, first counselor; Mrs. Maria L. Lyons, second counselor; Mrs. Harriet M. Blanchard, secretary and Mrs. Anna Blanchard, treasurer.

Among those who went from here to attend the quarterly conference at Coalville on Saturday and Sunday were Dr. Steven Walker, Mrs. Lydia E. Walker, O. P. Lyons, Mrs. Maria L. Lyons, Miss Eva Merchant, Miss Jennie Wilkins, A. M. Lyons, Bert Johnson, T. M. Merchant, Oscar Whipple, A. R. Merchant, M. H. Blanchard, Ralph Maxwell, Miss Louisa Walker and G. J. Merchant.

Valentine day comes on Sunday this year and it is very likely we will be remembered by the small boys with his comic valentines while the young ladies and gentlemen will receive those nice little tokens of love that will cause their hearts to beat with hope and happiness. Cupid gets in his work on this day and the bashful young lady and young man can express their sentiments without fear and trembling.

Owing to the removal of the President of the Primary Association from Peoa to Idaho and the death of one of the co-presidents the association has not held any meetings for some three months. Recently it was decided to reorganize the association. Mrs. Elizabeth Merchant was elected president and the other officers will be elected at the meeting which will be held on Saturday afternoon.

The annual meeting of the Peoa South Beach Canal & Irrigation Co., will be held in the Peoa school house on Monday evening, March 1st, 1867, for the purpose of electing a board of directors, hearing the report of the secretary as to the financial condition of the company and to appoint a water-master for the ensuing year. The posted notices which call for the meeting also state that there will be some amendments made to the constitution of the company. One amendment needed is that the officers should be elected for two years instead of one year. If this were done considerable expense would be saved. By saving the best men in the selection of officers this change could be made in the advantage of the company. During the past year the cleaning and repairing of the canal and the paying of the watermaster for his services cost the company the sum of

thirty-five cents per acre, which is a very light assessment when the length of the canal is taken into consideration and the amount that is paid the watermaster. I am of the opinion that there are few canal companies who can make a better showing hereabout.

Editor's Note:

The Social Hall in Upton is engaged for a masquerade ball on February 14th, under the direction of William Hartman.

In the issue of *The Times* of January 29th, mention is made by your Home-
lier correspondent of the number of

births in that town during the past year. Heider reports eight birth and seven more, but in this matter Upson comes to the front. Fourteen children have been born during the past three months, two boys and four girls. Can you beat that?

J. C.

BENEFIT,

Hixson, Utah, Feb. 11, 1867.

Editor's Note:

When?

What next?

Our streets have the appearance of spring; mud in abundance.

Miss Zina Richies has gone to live with Mrs. Emily Bohannon of Peterson.

Some of our young folks attended the missionary dance at Coalville on Friday last.

Only a few attended the show at Echo on Monday eve, on account of bad roads.

The Relief Society held its annual and quadrennial meeting here last Saturday.

William Richins has been quite busy this week putting up ice. He has an ice house well filled.

Our new supervisor, W. H. Stevens, has filed his bond during the week and is ready for business.

The venerable James Packett, father of our bishop, is quite sick at this writing. All hope for his recovery.

Your correspondent and others here acknowledge the receipt of favors from Hon. C. C. Colby during the week.

The Stake conference was well attended by Hixson folks, and the meetings here were kindly attended as a consequence.

Dr. Hooper visited several sick patients here this week. I am pleased to say all are doing well that are under the Doctor's care.

As Valentine's Day comes on Sunday this year, our young folks will celebrate on Monday, the 15th. All are invited to take their best girl home from the ball.

Dr. Gregor of Park City made two professional visits here during the week to attend the son of Mr. and Mrs. Brown who has been down with severe fever.

The birds are here in good numbers, robins, blackbirds, sparrows, and even meadow-larks. Robins were never seen in such large flocks here, till this winter.

The many friend of Miss L. Hodson will regret to learn that she is sick at this writing and not able to attend her school. Hopers are entertained for her speedy recovery.

This \$2 cent cash levy for the irrigation company for 1867 is now due, and payable to the treasurer, William Brewer. All parties indebted to the company are requested to make settlement of the same preparatory for spring work.

The primary has taken a new start here, under the management of Mrs. E. H. Richins and her assistants. The little ones are being taught to sew, knit, etc. This is creditable. We also need something good to supply the minds of our young folks at night time. The evenings might be used to better advantage than at present. A good few hours should be passed by our legists for the benefit of young folks in the State in general. The way the young are allowed to roam about at nights at present, without any restraint upon their actions will result in pecuniary loss and sorrow to their parents if something is not done before long. A wisk is as good as a nod to a blind horse.

W. B.

FARMER'S INSTITUTE.

The State Farmer's Institute will be held at Provo, February 23d to 27th inclusive, under the auspices of the Agricultural College. Our day will be devoted to each of the following subjects:

The fruit industry, dairy husbandry, irrigation problems, animal diseases, and general farm topics, including sugar beet culture.

The evening sessions will be given to addresses on subjects of general interest. Prominent farmers, fruit growers, and others from different parts of the State have been requested to discuss different subjects. All are invited.

Simon S. Hartman, of Tunison, West Va., has been subject to attacks of colic about once a year, and would have to call a doctor and then suffer for about twelve hours as much as some do when they die. He was taken recently just the same as at other times, and concluded to try Chamberlain's Colic Chasers and Bitters. He says: "I took one dose of it and it gave me relief in five minutes. That is more than any druggist has ever done." For sale by John Boyd & Son.
